IMPLEMENTATION

IMPLEMENTATION

Although the General Plan is a policy document, serving as the foundation for City decision-making, including ordinances and expenditures, it also includes a number of Actions that are intended to indicate how the City will implement the goals and policies in this Plan. To facilitate the implementation the General Plan, this section consolidates the implementation actions, identifies the agency that is primarily responsible for the action, and assigns relative time frames for implementation of the action. The implementation section will enable the City to more easily monitor the General Plan progress and prepare an annual report to the legislative body on the status of the plan and progress in its implementation.

Actions are included in all elements of the General Plan,¹ appearing immediately after the policy they implement.

This Implementation section repeats the Actions from each of the Plan's elements, assigns each a desired priority, and indicates who will be responsible for their implementation.

IMPLEMENTATION SCHEDULE

Each of the Actions listed below is provided with a guide to the general timeframe in which the City intends to begin working on the item. "Ongoing" items are those which are already being undertaken by the City or which are expected to continue throughout the General Plan's planning period or until they are no longer needed.

Guide to Schedule Notes

- A – Generally will begin in 1-5 Years
- B – Generally will begin in 5-10 Years
- O – Ongoing

It should be noted that the schedule for the items refers to the *start* of implementation, not to *completion*. Completing some of the actions contemplated by this plan may occur quickly, while others may require several years.

In all cases, the City's ability to implement the actions in this Plan will depend on its ability to secure funding for staff time, studies, etc. For this reason, the timing shown in this Implementation section represents a best-case scenario and is subject to adjustment. Modifications to the priorities will not require a General Plan Amendment.

RESPONSIBILITIES

The party or parties that are primarily responsible for implementing each Action, whether a specific City department or, in some cases, an outside agency, are also indicated where applicable.

¹ Except the Housing Element, which includes its own, separate implementation plan and quantified objectives.
