Employment Procedure

21. There shall be established a Utility and Pipefitting Industry Hiring Hall and a hiring list entitled "Utility Work."
22. In the hiring of employees to perform the work covered by this Agreement, preference shall be given as follows:
 - A. First preference shall be given to individuals who can show that they have been employed on utility work within the area covered by this Agreement for a period of not less than six months during the two-year period immediately preceding the date of their registration on the Utility Work List and who have accrued at least 300 hours in the UA Local 355 Health & Welfare Plan during the twelve-month period immediately preceding the date of their registration on the List, in the order in which they registered for employment with the Utility Industry Hiring Hall. This group shall be known as priority group "A" and individuals in this group shall register on the Utility Work List as the "A List."
 - B. Second preference shall be given to individuals who are registered with the Hiring Hall of a Local Union other than Local 355, in the order in which they registered for employment with the Utility Industry Hiring Hall. This group shall be known as priority group "B" and individuals in this group shall register on the Utility Work List known as the "B List."
 - C. Third preference shall be given to individuals who are not eligible to register on the A List or the B List, in the order in which they registered for employment with the Utility Industry Hiring Hall. This group shall be known as priority group "C" and individuals in this group shall register on the Utility Work List known as the "C List."
 - D. Individuals may register on the Utility Work List by telephone or in person. The names of

individuals who register in person will be placed on the appropriate list at the time that they appear at the Utility Industry Hiring Hall. The names of individuals who telephone will be placed on the appropriate list at the beginning of the next working day in the order in which they telephoned. Individuals shall be registered on the Utility Work List in the highest priority group for which they qualify. Individuals must re-register on the Utility Work List every six (6) months.

- E. The name of an individual shall be stricken from the Utility Work List (1) when the individual has been dispatched under any provisions of this Agreement and has been employed for a total of more than fourteen (14) days (excluding Saturdays, Sundays and Holidays) within a ninety (90) day period, (2) when the individual has been dispatched under the name call provisions of this Agreement and has worked at least one (1) full day, or (3) if the individual has failed to re-register with the Hiring Hall every six (6) months.
 - F. Prior to the dispatch of any employee or applicant for employment, the Union shall verify that person's employment eligibility under the Immigration Reform and Control Act of 1986. The Union shall complete a U.S. Citizenship and Immigration Service (U.S.C.I.S.) Form I-9 for each employee and applicant for employment who is dispatched. However, if the Union is unable to complete verification at the time of dispatch because the employee or applicant does not have the required documents, the employee or applicant will still be eligible for dispatch, and the Union shall verify that individual's employment eligibility within three (3) days of dispatch, or twenty-one (21) days if the employee or applicant has provided a receipt showing application for a document which will establish eligibility. The Union shall keep a copy of each Form I-9 in its files for three (3) years, or until one (1) year after the employee's last day of employment, if later, and shall complete new I-9 forms as required by U.S.C.I.S. regulations. In making employment eligibility verifications under this Paragraph, the Union will comply strictly with all U.S.C.I.S. regulations, but shall have no liability to the Individual Employer in the event verification is faulty.
23. Unless otherwise provided in this Agreement, Individual Employers must secure all employees through the Utility and Pipefitting Industry Hiring Hall or through the Local Union with concurrent geographic jurisdiction at the job site. The Union agrees to dispatch employees within forty-eight (48) hours when available. In the event the Union is unable to refer employees within such forty-eight (48) hour period, exclusive of Saturdays, Sundays and Holidays, the Individual Employer shall be free to secure such employees elsewhere, but not in excess of the number requested. Upon hiring such employees, the Individual Employer shall immediately notify the Union of the name, address and social security number of each employee so hired.
24. Separate lists shall be kept for the registration of Journeymen, Assistant Journeymen and Tradesmen. The registration and dispatch of Apprentices shall be under the supervision of the Joint Apprentice Training Committee and in accordance with all applicable Federal and State Laws and Regulations.
25. Notwithstanding any other provisions of this Article, in dispatching employees, the employment office of the Union and the employment office of the Local Union with jurisdiction over the job site shall first dispatch employees called for by name provided such employee is registered and

available and willing to accept such dispatch at the time of receipt of request from the Individual Employer.

26. If an employee registers on the list and does not meet the eligibility requirements and therefore is rejected by the Individual Employer, he shall not be entitled to show up or travel time.
27. A Joint Hiring Hall Committee, consisting of three (3) employer and three (3) employee representatives, shall be established. The Joint Hiring Hall Committee shall be empowered to hear and adjust any and all disputes, complaints and grievances of the Individual Employers, employees and applicants for employment arising out of the operation of the Hiring Hall. In order to achieve uniformity of decision, the Joint Conference Board may call up before it for review any matter coming before Joint Hiring Hall Committees and any decision of the Joint Hiring Hall Committees may be appealed to the Joint Conference Board.
28. Any employee or applicant for employment aggrieved by the operation of the Hiring Hall, or the application of these rules, has the right to submit his grievance to the Joint Hiring Hall Committee and if appealed, to the Joint Conference Board, provided that the grievance form is submitted within ten (10) working days from the occurrence of the matter giving rise to the grievance. Forms for the submission of such grievances shall be available at all times in the employment office of the Union.

ARTICLE VII

Non-Discrimination

29. It is mutually agreed by the Union and the Individual Employers to comply fully with all provisions of Title VII of the Civil Rights Act of 1964, the California Fair Employment and Housing Act and such other legislation or applicable executive orders providing that no person shall, on the grounds of age, sex, race, color, national origin, disability, ancestry of Vietnam era veteran status, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination by not having full access to the contents of this Agreement. The Union agrees to maintain nondiscriminatory hiring hall procedures.
30. The terms and conditions for operation of the Utility Industry Hiring Hall on a nondiscriminatory basis are included herein by reference as though set forth verbatim and in full except as herein provided.
31. Workers will be referred between the hours of 8:00 a.m. and 10:00 a.m. Any worker dispatched during the referral hours and arriving at the shop or job site no later than 10:00 a.m. shall be paid from 8:00 a.m. Workers arriving at the shop or job site later than 10:00 a.m. shall be paid for the actual time worked plus one (1) hour.
32. When an Individual Employer places an order for an employee between 8:00 a.m. and 10:00 a.m. at least one (1) day before the employee is to report for work, the employee shall be paid for the actual time worked on the day he reports.

33. COMPOSITE CREW: The parties recognize that it is essential to enhance productivity in the field of underground utility work. It is, therefore, agreed by the parties that the Individual Employer may establish a Composite Crew consisting of members of various crafts engaged in the performance of some aspect of the underground utility work in such proportions as the respective types of work to be performed. These Composite Crew members will not be restricted as to the duties they may perform while working on the assigned work. The determination of crew size, number of crews, and foremen for the Composite Crews will be consistent with Article IV of this Agreement, and will be subject to Article II, Paragraph 11 in that Composite Crew members who are performing bargaining unit work but who are not members of the Union or of another UA Local Union must have been employees of the Individual Employer prior to the effective date of this Agreement.
34. If a pre-job conference is held, the United Association Local Union in whose concurrent geographical jurisdiction the work will be performed shall be notified.
35. Whenever any test is required of any worker by an Individual Employer by reason of the specification of a job, the Union agrees that upon being requested to furnish workers for such test, the union will supply only workers who are experienced in the type of work for which the test is required, unless otherwise agreed to by the Individual Employer. Before any worker commences the test, he shall be placed on the payroll of the Individual Employer. Any worker failing to pass the test shall be paid not less than four (4) hours at the straight time rate, unless the time goes beyond the hours of a regular work day, in which case he shall be paid at the overtime rate.
36. When an employee needs to re-certify in the particular phase of work which he is performing an Individual Employer, the Individual Employer agrees to continue the employee on the payroll while he performs the re-certification.
37. No worker shall be permitted to subcontract or lump the installation of any pipe work or any other work under the jurisdiction of this Agreement. No worker shall be allowed to work for himself or herself, except as provided in this Agreement. Violations of this Section shall be submitted to the Joint Conference Board.
38. Where the workers are required to walk to the work area and the time required to walk to the work area creates a hardship on the workers, the Individual Employer's representative and the Union's representative shall meet to establish a reasonable time to be allowed to walk one way on the Individual Employer's time.

ARTICLE VIII

Union Membership

39. All employees covered by this Agreement shall, as a condition of employment, tender the full and uniform dues and initiation fees in effect to the Union eight (8) days following the beginning of employment under this Agreement. All employees who may be accepted into membership shall thereafter maintain their good standing in the Union as a condition of employment by paying regular monthly union fees uniformly paid by other members of the same classification in the Union. In the event the employee fails to tender the initiation fee, or fails to maintain his

membership in accordance with the provisions of this section, the Union shall notify the Individual Employer and the employee in writing. Upon receipt of such written notice, the Individual Employer shall discharge said employee within forty-eight (48) hours, Saturday, Sunday and Holidays excluded, for failure to maintain continuous good standing in the Union as required above.

40. Employees hired by the Individual Employer prior to the date of execution of this Agreement are not required to become and remain members of the Union, provided that they are and remain members in good standing of a Local Union, or a local union of another craft.
41. The dues of each employee covered by this Agreement, who has executed an authorization, in writing therefor in a manner and form as required by law, shall be checked off and deducted from his taxable wages in the amount not to exceed four and one-half percent (4.5%) of gross taxable wages, when and as the same is paid into the Financial Institution designated by the parties, and shall be deposited forthwith as paid into the Dues Account of the Union. The authorization shall not be irrevocable for a period of more than one (1) year or beyond the date of termination of this Agreement, whichever first occurs. No employee shall be forced, or in any manner required, to execute the authorization other than by his own free act and will.
42. Each employee desiring to have his dues so checked off shall execute the required authorization and lodge the same with the Financial Institution so designated by the parties. The Individual Employer shall each month, so long as such authorization remains in effect, deduct the employee's dues from his basic pay, in such amount as the Union shall have notified it, in writing, and deposit the same in the Dues Account of the Union.
43. For purposes of this Article, the Individual Employers authorize and appoint the Financial Institution as their agent and the agent of each of them to check off the dues of such of their employees as shall have executed authorizations.
44. The Union shall, at the end of each calendar year or more often, upon written request of the employee, supply each employee with a statement, mailed to his last known address as shown on the records of the Union, showing the amounts, if any, so checked off, deducted and paid as his dues to the Union.
45. No employee shall be relieved of his obligation to pay dues to the Union by reason of the failure of any Individual Employer to remit his dues check off pay.
46. Employees joining the Union must pay an initiation fee of seventy-five dollars (\$75.00).
47. Employees employed by Individual Employers prior to the date of execution of this Agreement who are members in good standing in a Local Union, or who perform work covered by this Agreement, may join the Union within sixty (60) days of execution of this Agreement if they so desire and, if they do so, they shall pay a reduced initiation fee of forty dollars (\$40.00). Thereafter, such employees must pay the regular initiation fee of seventy-five dollars (\$75.00) to join the Union.

**ARTICLE IX
Movement of Employees**

48. There shall be free movement of employees throughout the entire jurisdiction covered by this Agreement, subject to the travel and subsistence pay provisions of this Agreement.

**ARTICLE X
Discharge**

49. No employee shall be discharged or discriminated against for activity in or representation of the Union.
50. The Individual Employer shall be the sole judge of the qualifications of all his employees, and may on such grounds, discharge any of them.
51. The Individual Employer shall notify the Union of all employees who have quit, or been terminated or recalled during the week.

**ARTICLE XI
No Strikes or Lockouts**

52. It is agreed that, with respect to any dispute, complaint, or grievance arising under the terms of and conditions of this Agreement, the Union will not initiate, authorize, assist, or support any strike, slowdown, or stoppage of work, including sympathy strikes. It shall be the responsibility of all parties to this Agreement to assure that any and all disputes arising during the term of this Agreement shall be settled in accordance with the applicable provisions of this Agreement.
53. With respect to any dispute, complaint or grievance arising under the terms and conditions of this Agreement or any addendum hereto which is subject to arbitration, it is agreed that neither the Union nor any Local Union will initiate, authorize, assist, or support any strike, slowdown, or stoppage of work, including sympathy strikes. It shall be the responsibility of all parties to this Agreement to assure that any and all disputes arising during the term of this Agreement shall be settled in accordance with the applicable provisions of this Agreement.
54. Notwithstanding the above-stated prohibitions against strikes or work stoppages, the Union or any Local Union may withdraw the employees of any Individual Employer under the following conditions, such withdrawal shall not be considered a violation of this Agreement:
- A. The Individual Employer has failed to meet the payroll for his employees, or has issued payroll checks which do not clear for collection. An employee who fails to receive a payroll check timely, shall receive wages and fringe benefits for a minimum of eight (8) hours per working day up to a maximum of thirty (30) days for so long as the Individual Employer fails to make proper payment for collection

- B. The Individual Employer, as determined by the Trustees of the appropriate Trust Funds, is delinquent on a widespread basis in the payment of contributions to any Trust Fund as required by this Agreement, provided, however, that this Section will not permit the Union or any Local Union to withdraw employees from an Individual Employer merely because of a good faith dispute between the Individual Employer and the Trust Funds regarding whether fringe benefit contributions are required for certain persons or a particular type of work.
- C. The Individual Employer has failed, neglected, or refused to comply with the final settlement or decision reached pursuant to the provisions for the Settlement of Disputes set forth in Article X of this Agreement, and provided that thirty (30) days have elapsed since receipt by the Individual Employer of written notice of such settlement or decision.
- D. It will not be a violation of this Agreement if an employee refuses to cross an apparently lawful picket line. However, an employee of an Individual Employer who refuses to report to the job or project of an Individual Employer when directed to do so by the Union, may be discharged by his Individual Employer.

ARTICLE XII
Grievance Procedure
Joint Conference Board

- 55. It is the intention of the parties to this Agreement to settle problems that may arise on a local level. In order to provide means for uniform interpretation and application of the provisions of this Agreement, the parties hereto, from time to time, shall establish the Joint Conference Board.
- 56. Whenever any alleged violation of this Agreement, or any dispute concerning the meaning, interpretation or enforcement of this Agreement, exists between the Union and any Individual Employer and /or the Association, the aggrieved party (the Union, an Individual Employer or the Association) may file a grievance. The grievance shall be written, signed by a party or its agent, and served on the other party. The grievance shall state the grievant's understanding of the dispute. The other party, not later than five (5) working days after receipt of said grievance, may, but need not, serve a statement of its understanding of the dispute on the grievant.
- 57. Under no circumstances shall a grievance be recognized unless said grievance was filed within ten (10) working days of the date that the aggrieved party (the Union, an Individual Employer or the Association) first knew or, in the exercise of reasonable diligence, should have known, of the facts giving rise to the grievance.
- 58. The grievance shall be handled through the following three-step informal grievance resolution process:

STEP 1: There shall be a meeting between a business representative of the Union and a representative of the Individual Employer to discuss the grievance.

STEP 2: In the event that a business representative of the Union and the Individual Employer's

representative cannot agree on a settlement of the grievance after a STEP 1 meeting is held, then within five (5) working days after such meeting, the grievance shall be referred to the Union's Business Manager and the Individual Employer's designated representative. The parties shall meet to settle the grievance within ten (10) working days after the grievance has been referred to them.

STEP 3: In the event that the parties cannot agree on a settlement of the grievance within five (5) working days of the STEP 2 meeting, the Joint Conference Board shall be constituted and take jurisdiction.

- 59.** The Joint Conference Board shall consist of three (3) members appointed by the Union and three (3) members appointed by the Association. A quorum shall consist of not less than two (2) members, one from each side. The number of votes allowed each side, however, shall in no event exceed the lesser number of Union- appointed or Association- appointed members.
- 60.** A. The Joint Conference Board shall select a Chairperson from its membership and shall determine the time and place of meetings, the rules of procedure and all other details necessary to promote and carry out the business for which it has been appointed. The Joint Conference Board shall hold hearings, as necessary, to review the evidence pertaining to the grievance. The Joint Conference Board shall issue a written decision within five (5) working days after the close of the hearing on the grievance. The decision of the Joint Conference Board shall be final and binding upon all parties.
- B. If the Joint Conference Board, after meeting, cannot or does not agree on a decision on any grievance within fifteen (15) working days after hearing the grievance, it shall lose jurisdiction thereof and the members of the Joint Conference Board shall choose a impartial Arbitrator to decide the matter.
- C. If the Joint Conference Board cannot, or does not, agree on an Arbitrator within ten (10) working days after it has lost jurisdiction to decide the case, the Chairperson of the Board, or the grievant (whether the Union, an Individual Employer or the Association) may request the Federal Mediation and Conciliation Service to furnish a list of five (5) names of experienced labor arbitrators from which the parties to the grievance shall select the Arbitrator by alternately deleting names from such list until only one name remains.
- 61.** A. The Arbitrator's decision shall be final and binding on all parties.
- B. The cost of any arbitration, including the expenses of employing an Arbitrator, employing a court reporter and obtaining a transcript of the arbitration, shall be borne equally by the Individual Employer or the Association, as the case may be, and the Union.
- 62.** After the Joint Conference Board or the Arbitrator issues a decision, said decision shall be immediately placed into effect and work thereafter shall continue in accordance with this Agreement and the provisions of said decision. If an Individual Employer fails to comply with the decision of the Joint Conference Board or the Arbitrator, as the case may be, it shall not be a violation of this Agreement for the Union to strike said Individual Employer, to refuse to supply employees for the jobs of said Individual Employer and/or to withdraw employees from the job or

67. The above named funds shall be administered in accordance with the applicable Trust Agreements by and between the parties hereto creating said Trust Funds. Each monthly report and the corresponding contributions shall be submitted promptly and shall include all employees covered by this Agreement who worked during the Employer's payroll month. If an employer has no

Contributions shall be received by the Fund Administrator on or before the twentieth (20th) day of the calendar month following the payroll month in which the employee worked.

69. Payments to the Funds shall be made at San Francisco, California, in accordance and in the manner provided for by the applicable Trust Agreements. Such payments shall be due and payable monthly on or before the fifteenth(15th) day, and will be deemed delinquent if not paid on or before the twentieth (20th) day of each calendar month for all work performed in the preceding month. Any report deposited in the mail must be postmarked not later than the twentieth (20th) day of the month or it shall be deemed delinquent.
70. It is agreed that insofar as payments by the Individual Employer are concerned, the parties recognize and acknowledge that the regular and prompt payment of amounts due each Fund by the Individual Employer is essential and, based upon prior experience of the parties hereto and in light of the substantial but varied expense incurred in the administration of said Funds and the Plans and other damages suffered by the Funds, such as a loss of investment income due to delinquencies, the parties agree that it is extremely difficult, if not impracticable to fix the actual expense and damage to each Fund and the Plan, program and employee which results from the failure of an Individual Employer to make payments in full within the time provided. Therefore it is agreed that the amount of damage resulting from any such failure shall be by way of liquidated damages shall become due and payable to each such Fund and the Plan in San Francisco, California, at such place as each Fund and the Plan have from time to time determined, upon the day immediately following the date on which the Individual Employer becomes delinquent, and shall be added to and become part of said amount due and unpaid, and the whole thereof shall bear interest at the rate of twelve percent (12%) per annum until paid.

72. If any Individual Employer defaults in making of such payments and if either the Union of the Funds or the Plan consults or causes to be consulted legal counsel with respect thereto, or files or caused to be filed any suite or claim with respect thereto, there shall be added to the obligation of the Individual Employer who is in default all reasonable expenses incurred by the Union, the Funds and the Plan, in the collection of same, including, but not limited to, reasonable expenses incurred in connection such suit or claim including any appellate proceeding therein.
73. The parties recognize and agree that;
 - A. that references to wages and fringe benefits in Sections 7071.5 through 7071.11 of the California Business and Professions Code include payment for fringe benefits as described in this Agreement and the Trust Agreements creating such Fund;
 - B. that said payments are for the benefit of the employees of each Individual Employer

covered by this Agreement, and that failure of an Individual Employer to make said payments, in the manner and at the time prescribed, causes damage to all employees, including the employees of the Individual Employer in default, in the amount of the unpaid fringe benefits and vacation and holiday pay as well as the liquidated damages established herein, interest, and any attorneys' and accountants' fees which the Union, the Funds or the Plan, or any of them, may incur with respect to said default;

C. that the Union, the Funds, or the Plan, or any of them, may bring a claim or legal action against the Individual Employer's license bond on behalf of any employee or employees covered by this Agreement.

74. Whenever the Union or Board of Trustees of any applicable Trust Fund in its judgment deems it necessary to protect payments to the Funds and the Plan or to protect the payment of wages to employees working under this Agreement, the Union or Board of Trustees may require any Individual Employer to supply the Union or Trust Fund, not less often than weekly, with a written record of the names of all employees and their hours (specifying straight time and overtime) worked upon all or any particular job or jobs. The Union shall also have the right to withdraw and withhold the employees of any Individual Employer who fails to furnish such information promptly.
75. It is specifically the intent of this Agreement that no existing individual employee of a signatory contractor performing work of the type covered by this Agreement shall suffer the reduction of wages or benefits, and no such person shall be laid off or terminated for the purpose of being replaced by a person performing the same type of work at a lower wage rate.
76. Foreman's rate of pay shall be one dollar (\$1.00) per hour over the Journeyman of the United Association classification.
77. Fringe benefits shall be uniform for all employees covered by the Underground Utilities Agreement, except as provided in Paragraph 130 A, B, and C below.
78. If any employee covered by this Agreement knowingly cooperates with an Individual Employer to defeat the payment of wages and fringe benefits as required by this Agreement, said employee and Individual Employer will be liable for such penalties as may be determined in accordance with the provisions of this Article.

ARTICLE XIV Audits of Employers

79. Upon notice in writing from the Board of Trustees of any Trust Fund herein, or an authorized agent thereof, an Employer must permit any accountant appointed by the Board to enter upon the Employer's premises during business hours, at a reasonable time, to examine and copy such books, records, papers or reports of such employers as may be necessary to determine whether the employer is making full and prompt payment of all sums required to be paid by him or it to the Trust Funds.

80. The parties agree that the following records are necessary for the completion of an audit pursuant to this Section: Employer's quarterly tax returns to State and Federal governments (California Form DE-3 and Federal Form 941), payroll journals, individual earnings records and time cards for all employees, general check register, reports of employee hours to all other trades, workers' compensation insurance reports for all employees, general ledgers, bank statements, canceled checks, check stubs, Internal Revenue Service Forms W-2, W-4, 1096, and 1099 remitted to the United States Government, cash receipts journal, job cost records, financial statements, invoices, contracts, income tax returns, and any other records which the auditor deems necessary or relevant to complete the audit.
81. The purpose of the audit is to determine how much money is owed to the Trust Fund, if any; the Employer understands that the purpose of the audit would be defeated if the Employer were able to limit the audit in any way, including limiting the audit to the employees whom it defines as covered employees. Therefore, the Employer shall not limit the scope of the audit in any fashion, but must make available all of the aforementioned books and records maintained by the Employer.
82. In the event of an audit as above set forth, the Employer shall pay the cost of said audit, if a delinquency is found. If no delinquency is found, the Trust shall bear the cost of the audit. Any audit cost incurred as a result of an Employer's cancellation of an audit, without at least two (2) working days notice to the auditor, or as a result of failing to make all records available shall be borne by that Employer and not the Trust Fund, regardless of the results of the audit.
83. Should an Employer refuse, or after a reasonable time fail to comply with the request for an audit, the Trustees, in their sole discretion, may initiate any appropriate legal proceedings to obtain a court order, compelling such defaulting Employer to submit to such an audit. In such event any and all legal court costs and fees, including reasonable attorneys fees, incurred by the Trust shall be paid by such defaulting Employer.
84. PREVAILING RATES: On a public works project where the prevailing wage determination provides that the wage and fringe rates referenced in the bid specifications remain in effect for the duration of the project, the Individual Employer may pay the predetermined wage and fringe rates set forth in the wage determination for the work on said project; *provided*, however, that each segment let by the owner shall be deemed a separate project; and *provided further*, that this provision shall apply only to projects where the formal advertised sealed bid procedure is used; and *provided further* that increases in Trust Fund contributions required by this Agreement shall not be subject to this provision; and *provided further*, that in no event shall wages be frozen for more than thirty-six (36) months on any one project. On a public works project where the prevailing wage determination provides for increases in wages and fringe benefits during the project, such increases shall be paid for work on the project. Subject to all of the provisions set forth above, should the rates set forth in a wage determination be less than the wages and fringe benefits established by this Agreement, the lower rate may be paid. The Union shall be responsible for taking all necessary steps to have the wages and fringe benefits established by this Agreement incorporated into State and Federal prevailing wage determinations.

113. In the event that no work is available for an employee who reports for work at a shop or job at the regular starting time and such circumstances are not due to weather conditions or conditions beyond the control of the employer, the employee shall be eligible to receive two (2) hour's pay.

ARTICLE XVI

Journeyman, Tradesman and Apprentice Training

116. In order that an adequate supply of competent and skilled craftsmen shall be available to the Individual Employer, it is agreed between the parties hereto that there shall be established a special Utility Pipeline Installers Program. The program shall conform to the Apprenticeship Standards prepared by a U.A. Joint Apprenticeship and Training Committee and approved by the State Division of Apprenticeship Standards. The apprenticeship program shall be administered by a joint committee composed of equal number of employer and employee representatives.
117. For the purpose of this Agreement, reference to apprentices shall mean an apprentice receiving training in an approved Engineering and Utility Training Program and is receiving progressive wage increases in accordance with the approved program.
118. Effective July 1, 2011, \$0.45 of the hourly training contributions for the work covered under this agreement shall be paid into the Northern California / Northern Nevada Landscape and Utility Journeyman and Apprentice Training Trust Fund; and \$0.10 of those hourly training contributions shall be paid into the International Training Fund.
119. The Joint Apprenticeship Training Committee established under the Local 355 Northern California/Northern Nevada Journeyman and Apprenticeship Training Trust Fund shall have the responsibility of having the apprenticeship training program approved by the appropriate State or other agency. The Union shall have the responsibility of giving prior notification to the employer in writing of the advancement of an apprentice.

ARTICLE XVII

Safety

120. The parties shall cooperate in carrying out safety measures and practices for accident prevention. The employer shall have the right to enforce his Code of Safety Practices along with its Disciplinary Policy and Procedure.
121. All parties shall comply with all Federal and State Laws, City and County ordinances pertaining to work covered by this Agreement, including all Federal and State safety and health measures and laws. There shall be no disciplinary action by the Individual Employer against any workman who observes this section in good faith. If a journeyman is of the opinion that shoring, ladders or ventilating equipment is inadequate, he shall report same to his Foreman and Steward and he will not be disciplined for so doing.
122. Workmen required to work in any area where they are exposed to acids and caustics or any other hazardous conditions, shall be provided protective clothing and equipment by the Individual Employer.
123. Any employee injured on the job to the extent of requiring a doctor's care, and which injury prevents him from working shall be paid a full day's wages for date of injuries.
124. JURISDICTIONAL DISPUTES: The Union and the Individual Employers bound to this Agreement agree to be bound by all of the terms and provisions of the plan establishing procedures for the resolution of jurisdictional disputes in the construction industry, known as the Plan for Settlement of Jurisdictional Disputes in the Construction Industry approved by the Building and Construction Trades Department, AFL-CIO.
125. GENERAL SAVINGS CLAUSE: It is not the intent of the parties hereto to violate any clause, rulings, or regulations of any governmental authority or agency having jurisdiction on the subject matter of this Agreement. The parties hereto agree that in the event any provisions of this Agreement are finally held or determined to be illegal or void, the remainder of the Agreement shall remain in force and effect, unless the parts so found to be void are wholly inseparable from the remaining portion of this Agreement. The parties agree that in the event any provision of this Agreement is held determined to be illegal or void, they will promptly enter into lawful negotiations concerning the subject matter of said provision.

ARTICLE XVIII

Termination

126. EFFECTIVE AND TERMINATION DATES: Except as otherwise provided herein, this Agreement shall be effective July 1, 2014, and remain in effect until June 30, 2017, and shall be renewed from year to year thereafter unless either of the parties hereto shall give written notice to the other of a desire to change at least sixty (60), but not more than ninety (90) days prior to the date of expiration of this Agreement. While this Agreement continues in effect, neither party will make demands upon the other party for any changes in conditions or benefits or for any new or additional benefits except at the time and in the manner provided in this Agreement.

ARTICLE XIX
Clarification Of Intent

127. OTHER AGREEMENTS: If subsequent to the date of execution of this Agreement, the employer becomes signatory to any other agreement covering the same work, the terms of such an agreement will not replace any of the terms of this Agreement unless agreed to by the employer and the Union. The parties agree that the Employer may take advantage of any of the more favorable terms of any other agreements that the Union might enter into with other employers for the same work except, however, that Special Project Agreements adopted under Paragraph 8 shall be subject only to the special rules contained therein.
128. GEOGRAPHIC AND MARKET CONDITIONS: The parties to this Agreement recognize the necessity of assuring the competitive position of the parties within the industry during the term of this Agreement. Consistent with that recognition, the parties will continually monitor the effectiveness of this Agreement relative to the specific agreement, to initiate such modifications to the Agreement during its term as may be necessary to assure the work opportunities of the employees and competitive position of the employer. The Union recognizes that other crafts are cooperating with the employer in meeting open shop competition. In order to cooperate with this effort, the Union agrees that if any of the other crafts have made available a reduced wage-fringe package for particular work, the employer may request reduction of wage-fringe package of employees covered by this Agreement in same proportion for this same work, and the reduction may be made upon mutual agreement of the parties to this Agreement.
129. ELIMINATION OF RESTRICTIONS ON PRODUCTION: Subject to all State and Federal Rules and Regulations governing or applicable to the safety of employees, place of employment and operation of equipment, no rules, customs or practices shall be permitted that limit production or increase the time required to do any work. There shall be no limitation or restriction of the use of machinery, tools or other labor-saving devices. Employees shall perform their duties in such fashion as to promote efficient operation of the particular duty and of any job as a whole.

ARTICLE XX

- (4) The employer agrees to make contributions at such higher rates, as demonstrating by accepting dispatch of the employee at the applicable contribution rate(s) of the home local union, or by completion of a report form showing the applicable contribution rates of the home local union.
- B. If the conditions of Paragraph A are met, then the employer is required to contribute at the higher of the following rates:
- (1) The contribution rate(s) in effect under the master labor agreement of the employee's home local union for the plan(s) which the employee has requested to have remitted to the trust fund(s) of his home local union; or
 - (2) The contribution rate(s) otherwise required under this Agreement.
- C. This requirement shall apply from the time the employer accepts dispatch of the employee under this clause, until the employer notifies the employee, the Union and the trust fund offices of both the Union and of employee's home local union in writing, no less than thirty (30) days before the first day of the month in which such notice is to be effective, that it will contribute only at the rates otherwise required by this Agreement. Contributions required under this section shall be reported and remitted in the same manner as required elsewhere in this Agreement, unless the employer, the Union, and the applicable trust fund(s) of the employee's home local union agree to having such contributions reported and remitted in some other manner.
