

**PINOLE-HERCULES WASTEWATER TREATMENT PLANT PROJECT
LABOR AGREEMENT**

**ADDENDUM D
PINOLE WASTE WATER TREATMENT PLANT
PROJECT LABOR AGREEMENT
SUPPLEMENTAL AGREEMENTS**

City of Pinole – Wastewater Treatment Plant Project Labor Agreement

Addendum D: Supplemental Agreement between City and Building Trades Council

This Supplemental Agreement confirms the Parties' understanding concerning the application of section 4.5(b) of the above-referenced Project Labor Agreement (PLA).

Having reviewed the current Schedule A Agreements, the Parties agree that the only Schedule A Agreements containing provisions relevant to section 4.5(b) are those of the Plumbers and Pipefitters Local Union Nos. 159 and 342 and Sheet Metal Workers' Local Union No. 104. With respect to these two Unions, the City recognizes that the provisions of their Schedule A Agreements addressing off-site fabrication shall apply to work on the Project.

Should other issues arise relevant to off-site fabrication, the parties agree to work cooperatively to assure that the Project is finished in the most timely and efficient manner possible.

Agreed and accepted this 26 day of October 2015
